

4 days Kapuche Lake trek

Kapuche Lake trek is one of the best emerging trekking routes of Nepal. Along with a unique location and pristine natural presence, the path is remote and less crowded than other trails. So, if you are looking for a trekking route that offers grand scenery, an isolated lifestyle, and a rarely hiked trail, then Kaphuche has much to offer. The Lowest Glacier Lake lies to the north-east of Kaski. It is a short trek that begins at Pokhara and goes through several villages and hills. Although the trekking route was recently discovered and opened for visitors, it has been slowly getting popularity due to its natural beauty and unique trekking experience.

Day 1: Drive from Pokhara to Sikles village 3.5 hrs

A Couple of hours 4WD drive will take us to the Largest Gurung community village, Sikles. Upon reaching Sikles, we will explore the beautiful village and Rishing Danda. We will enjoy some magnificent views along the way. We spend the night in Sikles Village at Namaste Guest House.

Day 2: Trek to Hugu Goth, 2100 m'

In the morning, after breakfast, you will climb uphill via stone-paved paths and stone-stairs on the edge of a narrow trail of the high hills. On this day, we hike about 5 to 6 hours. On the way, you can see Edi Jharna (waterfall) around 64 meters tall, of which the view is top-notch. We will reach the remote village of Hugu Goth, where we have meals and will spend the night over there.

Day 3: Trek to Kapuche Lake. Overnight at Sikles Village.

We trek to Kapuche lake which is about a 2-hour trek. The way is short and easy compared to treks of other days. You will get the view of high mountain ranges and the serene wilderness of the route. There are chances of minor avalanches at the region. So, if you get lucky you will have the sight of avalanches from Annapurna II from the distance. We'll spend a couple of hours at the lake. Since, there is no facility of accommodation around lake, we will hike back from same route to the Sikles village where we will spend the night.

Day 4: Drive back to Pokhara from Sikles.

This is the last day of the trek. Today, you will have a short excursion in the village. After breakfast, you will back to the Pokhara by jeep which takes another 3 hours. Overnight stay at Hotel at Lakeside, Pokhara.
